## All Business

### 1 Cosmetic registration :

Maris has successfully filed and registered products for many countries such as China, the United States, Japan, Korea and Europe.

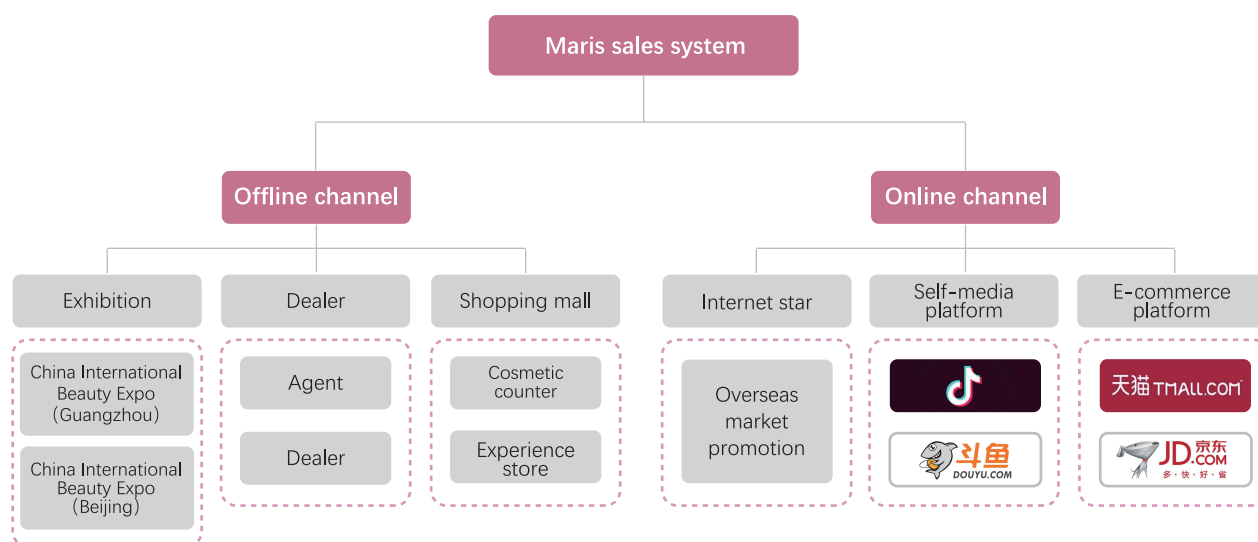

### 2 Chinese responsible agent agency business :

On November 10, 2018, the import of non-special cosmetics filing system was implemented in China, and some enterprises could not become China's domestic liability companies. In order to help more companies enter the Chinese market, Maris has launched a Chinese responsible agency business.

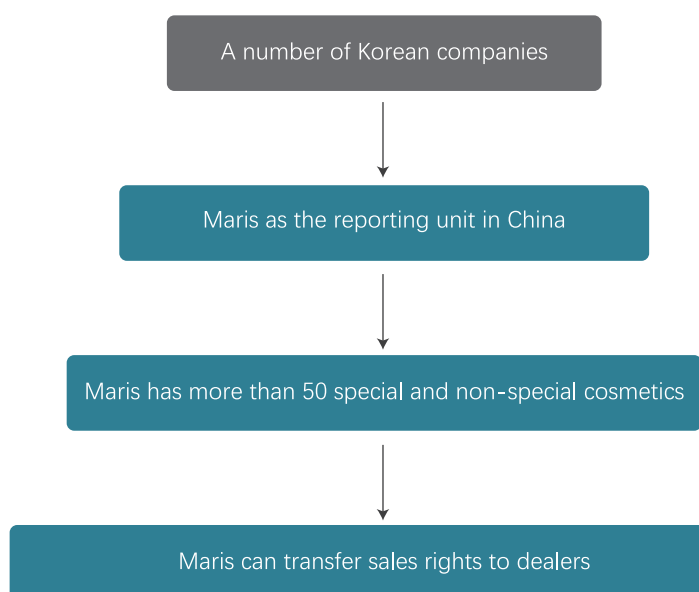

Item	Reporting responsible units in China (special products)	Chinese responsible person (non-special product)
Requirements	Need to provide a business license	Provide business license and business scope covers cosmetics trade and import and export business
Duties	Ensure that the information is true and valid	Ensure that the information is true and valid Responsible for product quality and safety of import and export

### 3 Sales support :

Maris has dealers and online and offline sales channels. Maris can help customers open sales channels and increase sales.

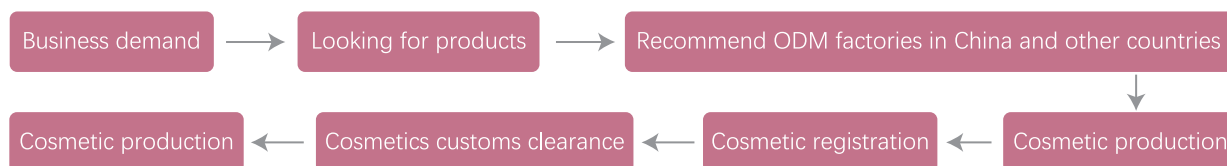

### 4 Transfer of sales :

## 5 Cosmetics customization service :

Maris can help companies find satisfactory products.

## 6 Auxiliary factory service :

Maris has development resources in Beijing, Shanghai, Tianjin, Chengdu, Suzhou and other regions, providing more convenience for cosmetics companies, especially overseas cosmetics companies, to build factories in China.

## 7 Other services :

Maris can also provide you with many services such as customs clearance, trademark registration, and listing risk assessment. Please contact us.
